Bring out your inner radiance for the world to see, and turn flaws into flawlessness with Cellular Radiance Perfecting Fluide Pure Gold, a new generation treatment product from La Prairie.

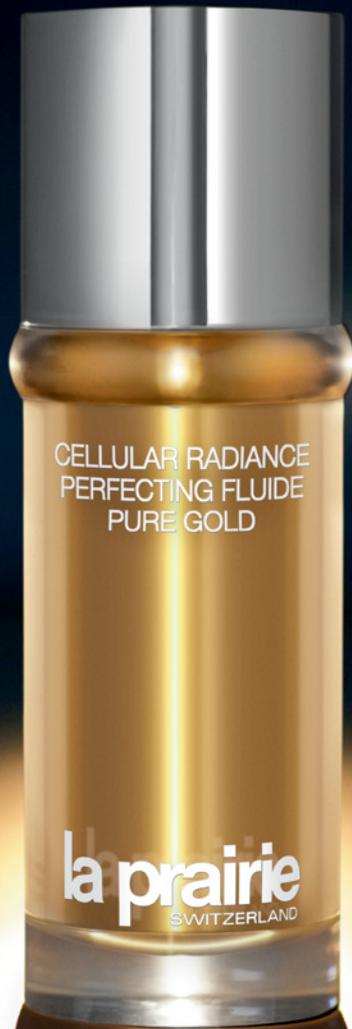

Gold has a long and storied past, beloved by many cultures for its health-giving properties. Over 5,000 years ago, the Egyptians ingested gold for mental, physical and spiritual purification. The Alchemists of Alexandria believed that gold was a mystical metal that represented the perfection of matter and that its presence in the body would enliven, rejuvenate as well as restore youth and perfect health. In ancient Rome, gold salves were used to treat a variety of skin problems. Cleopatra was rumored to have slept with a gold mask on her face every night to enhance her complexion and keep her skin glowing.

It is no surprise then that La Prairie scientists feature the precious metal in various iterations within the Radiance Collection, which helps reignite skin's youthful radiance with rare gold ingredients – the essence of opulence – to help revitalize and perfect skin's appearance, restoring lustrous texture and tone. Now, in a formula so unique and a texture so silky, this precious ingredient helps your skin achieve flawless perfection, as in a never-ending golden hour.

Golden photo-reflecting agents and pure gold powder provide an immediate golden glow.
